

# Engage with US *2019-20*

We can help you to meet students and graduates from across the University.

## Introduce your organisation and raise your profile on campus

<b>Love Sheffield Showcase</b>	An opportunity for local employers (based within the Sheffield City Region) with part-time and/or placement opportunities to network with students in our dedicated Love Sheffield Showcase within the Student Union's Get Involved event.	11 Feb 2020
<b>Overseas Opportunities Networking Event</b>	Meet students from all years and subject areas who are looking for overseas opportunities at a dedicated networking event; taking place within the Students' Union building.	27 Feb 2020
<b>Pop-up Employer</b>	Promote your organisation on campus with a pop-up employer stand. We can provide you with a platform, creating space for a pop-up employer stand in high footfall locations that allow you to reach your target audience of students, including the Students' Union.	Various dates available

## Get to know our students

<b>Employer Appointments</b>	Meet students for a brief face-to-face discussion, either with a scheduled appointment or on an informal drop-in basis.	Various dates available
------------------------------	---	-------------------------

## Give students a real-world perspective

<b>Career Insights Fair</b>	We are looking for representatives from a range of industry areas to inform students about different occupations and the skills they require, helping them to recognise potential career options based on their discipline. This is not a recruitment event.	9 Mar 2020
<b>BAME careers panel and networking</b>	Meet with black and minority ethnic (BAME) students to promote the inclusive opportunities within your organisation and to provide an insight into working for your organisation as a BAME member of staff.	3 Mar 2020
<b>Women in Technology</b>	Join us for a careers panel and networking event aimed specifically at women studying STEM subjects. Promote your organisation, highlight opportunities and provide an insight into working for your organisation as a female member of staff.	5 Mar 2020
<b>Mock Assessment Centre</b>	Take part in our Mock Assessment Centre; an evening of intensive activities with employer-led tasks and facilitators. A great opportunity for students to gain valuable experience and for organisations to put our students to the test!	17 Mar 2020
<b>Career Workshops</b>	Co-deliver a workshop with a member of the Careers Service and provide a valuable input from an employer perspective, introduce your organisation and talent-spot. Sessions include: networking for the nervous; assessment centres; interview techniques and wellbeing at work.	Various dates available
<b>Mock Interviews</b>	Help students to prepare for the real thing by hosting mock interviews.	Various dates available
<b>Open Days</b>	We can promote any open day opportunities that you have to students on our dedicated Career Connect system.	

## Select and recruit

<b>Interview Rooms</b>	We can provide dedicated staff and facilities to help you conduct formal interviews on campus, or if you prefer to conduct interviews by telephone then we can arrange this.	Various dates available
------------------------	--	-------------------------

# Accessing Talent

In addition to our central programme of events we work closely with University Faculties and can help you to engage with students in specific departments and/or years of study.

## Faculty of Engineering

We are one of the biggest and best providers of engineering research and education in the UK with over 6,700+ students and a 93% 'world leading' or 'internationally excellent' research rating. (Latest REF 2014) Our expertise is extensive, with seven academic departments and three interdisciplinary programme areas covering all the engineering disciplines.

We ensure we have the world's experts undertaking research and teaching our students. This is underpinned by a firm commitment to growth and excellence, delivering the best facilities for our students to become the world-class engineers of tomorrow. Through cutting-edge research and strong partnerships with industry leaders globally, our academics tackle the biggest challenges facing the modern world through an increasingly collaborative and multidisciplinary approach.

Our faculty-wide events include:

Event	Details	Date(s)
<b>Global Engineering Challenge</b>	We're looking for over 30 Engineering alumni working in industry to participate in our 9th faculty-wide Global Engineering Challenge to support first year students with their skills development. Help develop the next generation of Engineers, promote your company and contribute to your chartership.	27-31 Jan 2020
<b>Engineering You're Hired!</b>	We are looking for alumni and industry contacts familiar with Engineering project design and implementation to support second year students with their skills development in this faculty-wide multidisciplinary project event.	3-7 Feb 2020
<b>Yorkshire Year in Industry Event</b>	Our annual Yorkshire Year In Industry event gives you the chance to meet students on our Year in Industry programme in Engineering, who are looking for year long placements to start in the summer of 2020.	19 Feb 2020

# Accessing Talent

In addition to our central programme of events we work closely with University Faculties and can help you to engage with students in specific departments and/or years of study.

Specific activities within departments include:

Event	Details	Date(s)
<b>Automatic Controls and Systems Engineering</b>	Boost your recruitment of high quality engineering graduates by attending our department-specific careers fair.	16 Oct 2020
<b>Aerospace Engineering</b>	The Aerospace Showcase is a fantastic opportunity to engage with students from across the department, with the option to deliver industry and alumni presentations.	1 Apr 2020
<b>Bioengineering</b>	Representatives from the Health and Medical Technologies field are invited to meet students at the annual Bioengineering Networking Event, with opportunities to deliver company presentations and participate in Q&A panels.	Apr 2020
<b>Chemical and Biological (CBE)</b>	Meet approximately 700 undergraduate and MSc students who are looking for placements and graduate roles at the CBE Careers and Industry Day. The event will include CV review sessions, employer presentations, a mock assessment centre and an hour's informal networking. We also host an alumni speed networking event in spring.	Oct 2019 & Mar 2020 (TBC)
<b>Civil and Structural</b>	An opportunity for Civil and Structural Engineering students to meet with potential employers for graduate jobs and vacation placements at the Department's Careers Day.	30 Oct 2019
<b>Electronic and Electrical Engineering</b>	Meet with students from across the department in a range of talks and workshops which will follow our Graduate Jobs & Placements Fair: Engineering and Science.	23 Oct 2019
<b>Materials Engineering</b>	Alumni are welcome to take part in a speed networking event in spring to help shape the future of our current students.	Spring 2020
<b>Mechanical Engineering</b>	Our Careers Day is tailored just for Mechanical students to maximise their opportunities in speaking to the leading companies about their future prospects as professional Engineers.	17 Oct 2019

In addition to our central programme of events we work closely with University Faculties and can help you to engage with students in specific departments and/or years of study.

## *Faculty of Medicine, Dentistry & Health*

We are one of the major UK centres for Education and Research in health and related subjects. With origins dating back to 1828, the Faculty has a long-standing tradition of excellence in clinical education and research. Over 2,500 students study in the Faculty each year on over 40 different courses. In addition, over 200 students are registered on research degrees, supporting a faculty research portfolio in excess of £30m. Independent assessment of our teaching and research quality rate us as amongst the best in the UK.

Event	Details	Date(s)
<b>Medical School Careers Event</b>	The Medical School's annual careers event aims to provide current Sheffield Medical Students with support, advice and guidance on all aspects of career planning. Representatives from clinical and academic career pathways, including specialty-specific areas are invited, in addition to representatives from local employers, British Medical Association and University departments. The event is open to all MBChB Sheffield students (c. 1250)	26 Feb 2020
<b>MBChB Career Talks</b>	Participate in weekly careers talks via Adobe connect, which allow students to attend remotely; all sessions are recorded and published on the medical student VLE, Minerva. A different subject area is covered each week.	Various dates
<b>Neuroscience</b>	Opportunities for employers and alumni to provide video or audio profiles for student access.	Online resource
<b>Nursing</b>	A bespoke careers week runs annually in Spring.	wc 27 January 2020

# Accessing Talent

In addition to our central programme of events we work closely with University Faculties and can help you to engage with students in specific departments and/or years of study.

## *Faculty of Arts and Humanities*

We work with partners and organisations across and outside the University through our impact and public engagement strategy to share our knowledge and advance our exploration of the study of humanity. Our international and interdisciplinary collaborations in learning and teaching as well as in research enhance the experience of our students and staff and showcase the world-leading quality of our Faculty.

<i>Event</i>	<i>Details</i>	<i>Date(s)</i>
<b>Northern City Connections</b>	Do you have any Arts and Humanities graduates from the University of Sheffield working in your company? Could they share their experience to help current widening participation students? If so, we'd be delighted to invite them to attend our Northern City Connections networking event.	Nov 2019
<b>Archaeology</b>	We are looking for alumni to participate in our annual Careers Day, highlighting a range of careers to Archaeology graduates.	Nov 2019
<b>East Asian Studies</b>	Take part in our alumni event and meet with students in the department.	Various dates
<b>History</b>	We hold three Student Futures events with opportunities for alumni and industry representatives to highlight a range of career options open to History graduates. There is also the possibility for an employer to deliver a guest lectures for Level 3 module 'Uses of History'.	Oct 2019 & various dates in semester 2.
<b>Philosophy</b>	Participate in an alumni evening to highlight the range of career options open to Philosophy graduates.	Spring 2020

# Accessing Talent

In addition to our central programme of events we work closely with University Faculties and can help you to engage with students in specific departments and/or years of study.

## Faculty of Science

We have almost 4,000 undergraduates on our BSc and integrated masters courses, plus another 400 on our postgraduate taught masters courses learning state-of-the-art research techniques, studying the latest scientific developments with leaders in their fields and completing their own research projects. An additional 600 researchers complete their doctoral training with us; in the last Research Excellence Framework, 90% of our research rated as world-leading or internationally excellent.

Departments are keen to hear from employers who have different ideas about how they might be able to contribute the curriculum for example:

- guest speakers who are experts in the scientific field but who can also provide our students with career insights, challenges and changes affecting industry and enable students to explore different occupations relevant to their degree
- work shadowing opportunities for our students
- topics for “real life” student projects
- provide insight into current graduate employment market to help inform teaching

We also hold a Year in Industry evening event for all bioscience students, so if your organisation offers placements relevant to our Animal and Plant Science, Biomedical Science or Molecular Biology & Biotechnology departments, we would love to hear from you!

Event	Details	Date(s)
<b>Animal and Plant Sciences</b>	Participate in our APS Employability Day and deliver a short industry-specific session to our undergraduate students. We are looking for representatives from: ecological consultancies; conservation; science communication; teaching and outreach; research and development; science and government; academic research; business and commercial enterprise.	20 Feb 2020
	Opportunities for employers to deliver mock interviews, mock assessment centres and work experience workshops within the curriculum.	Various dates in Spring 2020

# Accessing Talent

In addition to our central programme of events we work closely with University Faculties and can help you to engage with students in specific departments and/or years of study.

<b>Biomedical Science</b>	Opportunities for employers to deliver mock interviews and mock assessment centre workshops as part of a dedicated careers day.	28 Feb 2020
<b>Molecular Biology and Biotechnology</b>	Opportunities for employers to deliver application, interviews and assessment centre workshops within the curriculum.	Various dates
<b>Chemistry</b>	Meet approximately 600 undergraduate students who are looking for placements and graduate jobs at the Department's Careers Day. The event will include an occupational panel, employer-led skills workshops and mock assessment centres.	6 Nov 2019
<b>Mathematics and Statistics</b>	Opportunities for employers to deliver mock assessment centres within the curriculum.	Various dates
<b>Physics</b>	<p>The University is a partner institution to WRIPA (White Rose Industrial Physics Academy); Sheffield students will be attending their Recruitment and Industry Fair which takes place this year in Nottingham.</p> <p>There are also opportunities within the curriculum for employers to provide guest speakers on a variety of topics: an overview of the current graduate employment market; application support; challenges and changes affecting industry; exploring different occupations; alumni stories.</p>	<p>9 Oct 2019</p> <p>Various dates</p>
<b>Psychology</b>	Opportunities for employers to deliver guest lectures within the curriculum	Various dates

In addition to our central programme of events we work closely with University Faculties and can help you to engage with students in specific departments and/or years of study.

## *Faculty of Social Sciences*

We are passionate about delivering inspirational and innovative teaching. Our students are at the heart of the Faculty. We seek to equip them with the skills to explore their chosen subject and deepen their understanding, becoming capable and professional graduates as well as well-rounded and accomplished individuals.

As home to some of the UK's leading researchers, we are renowned for our world-leading and high-impact research. Our academics work at the forefront of knowledge, building lasting partnerships with researchers, policymakers, NGOs and businesses across the globe. The research they produce doesn't just change lives beyond the University; it feeds into our teaching, giving our students a rich and vibrant experience in the classroom. That environment helps them develop into accomplished scholars, prepared to take on the great societal questions of the future.

<i>Event</i>	<i>Details</i>	<i>Date(s)</i>
<b>Architecture</b>	Our Summer Exhibition showcases the outstanding work undertaken by our students over the year. Employers are invited to attend a preview event providing you with the opportunity to meet graduating students from our degree (RIBA Part 1) and MArch (RIBA Part 2) courses.	14 Jun 2019
<b>Economics</b>	Take part in our department-led careers week and meet with students across different years.	Oct 2019
<b>Education</b>	Take part in a lunchtime networking event and promote the opportunities that you have available to PGDE students.	6 May 2019

# Accessing Talent

In addition to our central programme of events we work closely with University Faculties and can help you to engage with students in specific departments and/or years of study.
