

Engage with US *in semester 1, 2018-19*

We can help you to meet students and graduates from across the University.

Introduce your organisation and raise your profile on campus

Part-time Jobs & Volunteering Fair	Taking place at the very start of the academic year this is a great opportunity to meet students in all years of study when they are actively looking for work experience.	27 Sept 2018
Placement & Graduate Jobs Fair for all degree subjects	Meet with a targeted audience of approx 2000 students, from all years, studying a range of degree disciplines; an ideal opportunity to promote graduate jobs, placements and internship positions.	15 Oct 2018
Placement & Graduate Jobs Fair for STEM subjects	Meet with a targeted audience of approx 2000 students, from all years, studying STEM-related degree disciplines; an ideal opportunity to promote graduate jobs, placements and internship positions.	16 Oct 2018
Law Fair	Meet with a targeted audience of approx 500 students, from all years, studying law or a related degree discipline with interest in converting to the profession; an ideal opportunity to promote recruitment and training opportunities.	17 Oct 2018
Diversity Panel Evening	Showcase your organisation to a wide range of students, focusing upon your dedication to a diverse workforce.	29 Oct 2018
Overseas Opportunities	Meet with a targeted audience of students interested in opportunities overseas; from teaching to conservation, for short vacations or longer gap year periods of time.	12 Nov 2018
Pop-up Employer	Bring a pop-up banner stand and promotional materials onto campus and meet informally with students in high footfall areas, including the Students' Union!	Various dates available

Get to know our students

Employer Appointments	Meet students for a brief face-to-face discussion, either with a scheduled appointment or on an informal drop-in basis.	Various dates available
Careers Speed Networking	Help prepare students from all years of study for their journey through the recruitment process. Pitch your organisation, then meet with small groups in a speed networking format to provide application advice and guidance.	19 Nov 2018
Global Careers Programme	Promote global opportunities to UK and international students either on-campus or online.	Various dates available

Give students a real-world perspective

Mock Assessment Centre	Take part in our Mock Assessment Centre; an afternoon of intensive activities with employer-led tasks and facilitators. A great opportunity for students to gain valuable experience and for organisations to put our students to the test!	26 Nov 2018
Employer Challenge	Deliver a group challenge to small groups of students and facilitate the session as they work through ideas to identify a solution. Activities must be open to all years of study and assist students to develop 'The Sheffield Graduate' attributes.	Tuesday evenings - limited spaces!
Mock Interviews	Help students to prepare for the real thing by hosting mock interviews.	Various dates available

Select and recruit

Interview Rooms	We can provide dedicated staff and facilities to help you conduct formal interviews on campus, or if you would prefer to conduct interviews by telephone then we can arrange this for you.	Various dates available
------------------------	--	-------------------------

Target your approach

In addition to our central programme of events we work closely with University Faculties and can help you to engage with students in specific departments and/or years of study.

Faculty of Engineering

Event	Details	Date(s)
Mechanical and Aerospace	Meet undergraduate and PGT Mechanical and Aerospace students at the Department's Careers Day, with opportunities to speak about their future prospects as professional Engineers in both a networking exhibition and through the delivery of a workshop.	23 October 2018
Chemical and Biological (CBE)	Meet approximately 700 undergraduate and MSc students who are looking for placements and graduate roles at the CBE Careers and Industry Day. The event will include CV review sessions, employer presentations, a mock assessment centre and an hour's informal networking.	3 October 2018
Civil and Structural	An opportunity for Civil and Structural Engineering students to meet with potential employers for graduate jobs and vacation placements at the Department's Careers Day.	24 October 2018
Electronic and Electrical / Automatic Controls and Systems Engineering	Meet with students from across the department via a range of talks and workshops as part of our STEM+ Programme of fringe activities, which will be running alongside our STEM Fair.	16 October 2018
Global Engineering Challenge	We're looking for over 30 Engineering alumni working in industry to participate in our 8th Global Engineering Challenge. Alumni will give a short presentation about their career to a "hub" of students, work with inter-disciplinary student groups to develop their project and team working skills, and also participate in a "Boardroom" to feedback on student presentations. Help develop the next generation of Engineers, promote your company and contribute to your chartership.	23 January 2019
Engineering You're Hired	Alumni and industry contacts from any discipline with an understanding of engineering project design and implementation. Bringing your real-world expertise, students will be able to consult you about their projects in the morning, followed by informal discussions in the afternoon. The event will close with boardroom sessions in which students will present their project and, along with an academic and PhD Facilitator, you will provide feedback.	30 January 2019
Engineering SME Placement Event	Meet with students looking to undertake a summer or year-long placement with an engineering SME.	6 February 2019

Target your approach

In addition to our central programme of events we work closely with University Faculties and can help you to engage with students in specific departments and/or years of study.

Faculty of Science

<i>Event</i>	<i>Details</i>	<i>Date(s)</i>

Psychology	Opportunities for employers to deliver guest lectures within the curriculum	Various dates
Working in Research and Development	Aimed at students from across the Faculty of Science, this event involves an employer presentation followed by a networking exhibition.	Date TBC Spring 2019

Faculty of Medicine, Dentistry & Health

<i>Event</i>	<i>Details</i>	<i>Date(s)</i>
Medical School Careers Event	The Medical School's annual careers event aims to provide current Sheffield Medical Students with support, advice and guidance on all aspects of career planning. Representatives from clinical and academic career pathways, including specialty-specific areas are invited, in addition to representatives from local employers, British Medical Association and University departments. 1:1 careers advice sessions are also available for students to pre-book, in ten min slots. The event is open to all MBChB Sheffield students (c. 1250)	Date TBC Early 2019
MBChB Career Talks	In January 2018 the Medical School introduced weekly careers talks via Adobe connect. These allow students to attend remotely and all sessions are recorded and published on the medical student VLE, Minerva. A different subject area is covered each week.	Various dates available

Target your approach

In addition to our central programme of events we work closely with University Faculties and can help you to engage with students in specific departments and/or years of study.

Faculty of Social Sciences

Event	Details	Date(s)
Student Research Festival	This annual event gives students the chance to find out more about the research process and network with students from other disciplines as well as industry experts. This event is organised jointly with the Faculty of Arts and Humanities.	Date TBC Summer 2019
Law	Deliver a guest lecture, seminar or workshop for the Department's Employability and Skills Initiative (E&SI), which helps students to build the employability skills that you value.	Various dates
Management School	Opportunities to engage with our students and graduates include hosting a student project, providing an internship, meeting students on campus by delivering a guest lecture, and recruiting our talented alumni into your organisation. We also hold Careers Discovery weeks.	Various dates
Education	Take part in a lunchtime networking event and promote the opportunities that you have available.	Date TBC Summer 2019
Urban Studies and Planning	Attend our annual Natural and Built Environment Fair aimed at students from across the department, including Urban Design.	Date TBC Spring 2019
Architecture	The Sheffield School of Architecture Summer Exhibition showcases the outstanding work undertaken by our students over the year. Employers are invited to attend a preview event providing you with the opportunity to meet graduating students from our degree (RIBA Part 1) and MArch (RIBA Part 2) courses.	Date TBC Summer 2019
Landscape	The Department of Landscape's graduation exhibition and employers fair is an opportunity to discover the newest talent in Landscape Architecture emerging from Sheffield, see detailed examples of work and meet the students themselves.	Date TBC Summer 2019

Faculty of Arts and Humanities

Event	Details	Date(s)
Northern City Connections	Do you have any Arts and Humanities graduates from the University of Sheffield working in your company? Could they share their experience to help current widening participation students? If so, we'd be delighted to invite them to attend our debut Northern City Connections networking event on 21 November 2018.	21 November 2018
Put your degree to work	Participate in a panel on 'Why we are keen to recruit Arts and Humanities graduates' in this Faculty wide event. There may also be the possibility to deliver a 40 minute interactive skills workshop on topics such as preparing students for the use of gamification in the recruitment and selection process.	Date TBC Spring 2019
Student Research Festival	This annual event gives students the chance to find out more about the research process and network with students from other disciplines as well as industry experts. This event is organised jointly with the Faculty of Social Sciences.	Date TBC Spring 2019
